Good day, Tammy,

Thank you for your comments regarding the proposed Surface Mining Overlay for the referenced parcels on Deer Drive in Yacolt. I have forwarded these to staff and will enter your comments into the Comprehensive Plan Index of Record.

Regards,
Jeff Delapena

Comments

I am strongly opposed to adding a surface mining overlay to parcels 247859000, 247858000, 247860000, and 247849000. There are homes and timberland adjacent to these parcels. It would be detrimental to the people, homes, wildlife, and overall character of the adjacent area to have blasting and traffic connected to a mine on these parcels. Sunset Fall Road cannot support mining traffic. These parcels have waterways on them that drain downhill directly into the East Fork Lewis River. Run-off from a mine on these parcels would flow downhill into the protected East Fork Lewis River.. This area is not an appropriate place for a mine. Because of this, there should be no reason to grant a surface mining overlay for this land.

We have lived in East Fork Dr just a few parcels from the planned overlay mining and this would dramatically change the value of our home. Taking away the quiet and peace that we look forward too, without traffic and noise. This could affect the quality of our drinkable water. Change the dynamic of wildlife in the area as well as damage our beautiful river we all enjoy.

Please do not allow a big corporation come in and ruin the tranquility this neighborhood has enjoyed for decades.
