Do not put a mine here there are too many other places that are way better suited for this type of mining. Here it will have a big negative impact on not only the residents of this area but also the environmental impact on the wildlife and rivers. The residents of this area didn't move out here to have their peace destroyed by a money hungry corporation. They moved out there to have peace and enjoy the wildlife and nature that this area has to offer. To be clear I'm not opposed to mining, I am opposed to mining in this area. Mine somewhere else.
