I am submitting a request to deny a site specific Growth Management area, zone, and comprehensive plan change for Clark County parcel 207543000. This parcel is outside the urban growth boundary and is in an area of farming, homeowners with acreage raising animals for sale and personal use/consumption.. This proposed change would disrupt and harm local livelihood. The timing is not right for allowing this one parcel in the area to be granted an exemption to the existing zoning. Thank you!
