Comment

I understand Washougal School District has purchased or is planning to purchase 31 acres along SE 20th street north of Washougal. Moving the urban boundary to include the new school district land purchase would decimate the country life the people living here now enjoy. The current road system is inadequate and traffic would become a nightmare! Our quiet lives would disappear forever. The ecosystem of springs and creeks would be ruined, as well as our tax base. We already pay too much in property taxes, and it would just go up even more. Our safe country life would also be jeopardized, as more traffic and people could bring more crime in the area. Thank you for listening to my concerns.
