Subject: We need to allow different kinds of buildings. We need a new model.

EXTERNAL: This email originated from outside of Clark County. Do not click links or open attachments unless you recognize the sender and know the content is safe.

We need to make it so that there are different kind of houses that can be built, not just the standard cookie cutter houses/apartments. We need houses that can be Cobb houses or Earth Ships or 3D Printed Homes to be allowed to be built here and anything sustainable. We need neighborhoods that are circular and that are 15-minute neighborhoods.

We need to think outside the standard box.

We also need to apply Doughnut Economics to our communities where every human being can thrive within the means of our planetary boundaries.

(My Signature 😊)

~You must always be willing to truly consider evidence that contradicts your beliefs, and admit the possibility you may be wrong. Intelligence isn't knowing everything, it's the ability to challenge everything

you know. Let's all give up our fear as a justification for not to take action because we are the creators of our reality.

Sending healing vibes
