I am writing in support of Clark County Council in business item #3. Clark County has experienced unprecedented growth. The critical mass of Clark County's population only ensures future growth.

My parcel at the La Center junction is zoned AG. If not included in the GMA, the likely alternative would be acquisition development and by the Cowlitz Tribe with a much more limited public benefit in terms of taxation and impact fees.

I urge you to move forward with the resource lands study as part of the 2025 comprehensive plan update.
