Please pass Clark County RESOLUTION NO. 2025-04-xx **AS IS**, which would omit options from the Comp Plan DEIS that would require the de-designation of resource

lands or surface mining overlay designations, as well as discontinue the countywide resource lands study.

As a Clark County resident, I want to see our natural beauty preserved. Such a preservation will draw people to this area and increase our reputation with both residents and small businesses alike. These groups are the heart of our county. Preserving nature preserves community resiliency.

Additionally, potentially conducting a poorly-done resource lands study could open us up to fines from Washington State and other legal risks. The community would pay the price and it could prove damaging to both the people who live here, the environment, and our reputation.

Yours,
Nicole Morris
