Dear Clark County Councilors,

Please pass the Clark County RESOLUTION NO. 2025-04-xx **AS IS**.

We need to preserve the existing agricultural and forest land in Clark County for the future.

There is PLENTY of land already designated for growth in current plan.

Once agricultural and forested land are covered by industrial "parks" and homes and apartments, they NEVER come back.

Keep at least a little part of Clark County green, beautiful, natural and productive. Local food is best and it is grown on agricultural land. Forests provide habitat and beauty for all. (Attached, pix of forested land adjacent to our house.)

Thanks for listening!
