Subject

Vote Yes to pass Amended Resolution

Date of Hearing

Tue, 04/15/2025

Comment

Dear Councilors:

I am writing to you today regarding agenda item 2 under Separate Business: adoption of the Amended Resolution.(cancellation of resource land study and removal of site-specific SMOs)

I strongly encourage you all to adopt this Amended Resolution without delay.

A county wide resource lands study requires sufficient time to be done correctly and thoughtfully. Rushing to complete one in a short amount of time is absurd. This study would affect Clark County for years to come and must be done with appropriate consideration and not rushed to completion.

The price tag of this study is considerable and given that the County budget is in shortfall, it is fiscally prudent to cancel the study at this time.

Further, removing from consideration the site-specific requests for SMOs makes sense since the study regarding resources lands is not current. The information is out of date and haphazardly designating SMOs is reckless.

Please vote yes to pass the amended resolution.

Regards,
Kim O'Hara
