Subject

Upholding Amendment

Message

Dear Councilors, In an hour, you will be voting on Amendment Resolution No. 2025-04-x, which I hope that you will vote in favor of, to help protect the lands and waters of this beautiful state. As a trained scientist, with a background in aquatic toxicology, I know that there is not ample time remaining to conduct a study to assess impacts of activities such as mining. Accepting the resolution will allow for the planning of a robust study, safeguarding of our resources.
