Dear Councilors,

Proper planning is essential for responsible land use, and we must follow State laws and guidelines. Our County getting on the wrong side of the State will just harm us, the constituents; you, the representatives as a hit to your credibility; the county, as it will have embroiled itself in legal issues; and the environment. I cannot stress this enough.

Please ensure Clark County complies with state law by meeting the Comprehensive Plan update deadline and delay the study of agricultural land until after the Comp Plan is submitted in December 2025. This decision affects not just Ridgefield but all of us in the county.

Councilor Glen Yung, Councilor Matt Little, you supported the creation of the Ag Advisory Commission, and Councilor Little, I know you to be someone who greatly values our environmental resources. Therefore, I respectfully ask you to uphold your good name and support your Ag Advisory Commission by delaying the study of agricultural land.

Yours,

Nicole Morris
