Comments:

- Re changes to housing: - STOP catering to developers !!!
- Multi family units will need different + better designs for better livability. Include edible landscaping/garden space.
 - The current box design with fields of asphalt for parking is not great. - Consider multi-story or underground parking. Solar over parking areas.
 - Retro-fit existing strip mall type commercial developments to add multi family housing on top of existing stores. - see Costco pilot project in California.
 - NEVER build on farm land. We need local food.
