North County UGA Expansion Support

Comments

I am writing to voice my strong support for expansion of the UGA for La Center and Ridgefield directly adjacent to I5. As a local citizen, I want to ensure that this area is to the benefit of local communities and I fear what will happen to this land if we do not allow it to be used for its "best use", which is to provide jobs to the area, specifically those proposed by La Center.

La Center is a city in need of jobs growth and those parcels that directly abut the interstate are the perfect locations for them to provide the economic stability needed to support a growing community. If this fails to pass, then the region and the city are far too reliant on Ilani for jobs/infrastructure. This takes control away from the local communities and that would not be in the best interest of our neighborhood.
