Staunch Alternative 2 Support

**Comments**

I will keep this brief, but as a citizen of Clark County, I would like to voice my support of Alternative 2 in the proposed 2025 update.

I am disappointed in some of our elected leaders in their opposition to these growth alternatives. Many of these very thoughtful proposals allow significant upside with very little downside. These agriculturally zoned lands are frequently not being used for significant agricultural purposes and would best serve the community in other aspects, specifically in creating jobs.

I am not in favor of significant expansion of housing, but those job-creating zones will be very important to us over the next decade and should not be held back by a desire for a bucolic feel to our county.

Please do what is right for our county and adopt the proposed alternatives that provide new job-creating lands.
