Message Subject

Do not expand the UGA and decimate ag lands

Comments

There is no legal reason to expand the urban growth areas and decimate agricultural land. Clark County's Preferred Alternative for the Comp Plan should reflect the county's prior decisions that all forecasted growth for housing, population, and employment can be accommodated within current UGAs. The County is required by law to have a sufficient supply of agricultural lands to sustain a local agricultural economy. As a Clark County landowner, voter, and taxpayer, I support the county meeting the Comp Plan deadline and I do not support the county being out of compliance with the law and jeopardizing much needed funding from the state for work the county needs to get done on climate, transportation, parks, housing, and more.
