I am opposed to any more growth of development and loss of open space. Please reconsider and maybe look at revitalizing existing areas instead. In options 2 & 3 you get one of at least 1 equestrian facility if not 2 in Ridgefield (my home) and I am very against this as we have lost so much already. I think it is in the best interest of the community

and future residents to keep open space/pasture due to climate change. Also, many areas that are "new" communities like in Brush Prairie, Ridgefield, etc. are not affordable anyway.

Thanks
