Good day, Heidi,

In answer to your question, the October 2nd Planning Commission meeting is a Work Session which is available to the public, but testimony will not be heard.

Currently our next scheduled Hearing is a joint Hearing with the Council and Planning Commission to determine the Preferred Alternative. Enclosed below is the link to the 2025 Update webpage which includes the Project Timeline Schedule. This specifies that the Hearing is expected to be held on Jan. 8th, 2026, though dates are subject to change.

We are not anticipating a Hearing prior to this in the Comprehensive Plan schedule, but we will both send project updates via email as well as continue to update the Planning Commission meeting page should anything change. In the meantime, written public comments are always welcome and can be sent directly to myself as the Clerk of the Planning Commission or through the Comprehensive Plan Update webpage (linked below).

Good morning Jeffrey,

I noticed that the Planning Commission meeting got pushed out to Oct. 2. Do you know if that will be a hearing, or an opportunity for public comment or not?

If not, could you please share with me the next opportunity for public comment that the Planning Commission has?

Thank you and have a great day.

Heidi Cody
