CLARK 2045

Growth Management Plan Update

Comment Online

(Response 2 continued)

3. How should food security be evaluated in our analysis?

The availability of locally grown (in Clark County) should be prioritized over corporate large food production. You are what you eat so we need to promote access to fresh & healthy food to ensure food security and a stable healthcare system.
Bring back the farms!

4. Is there anything missing that we should consider?

- Livestock as a protected use
- Hunting as an additional use - wildlife habitat & wildlife family
 - Large NDFW data to map hunting population & consider any wildlife impacts

Would you like to be added to our comprehensive plan notification list? If so, please print your e-mail address clearly here: mberkowitz@gmail.com
