Hello,

I am writing to express my support of Alternative 2 for the DEIS. This seems like it's flexible enough to allow for population growth and will promote mass transit in Clark County. I didn't see it explicitly mentioned anywhere, but better connections to the Amtrak rail station would be a welcome addition. A lot of people probably don't even know that travel by rail is an option from downtown Vancouver, and it's not especially easy to get to.

Thank you,
Paul Sochacki
