Select Alternative 1 and do not designate any ag lands

Message

Councilor, I urge you to select Alternative 1. DO NOT de-designate any ag lands. I have commercially farmed in Clark County for nearly 20 years. 96% of our ag lands are officially recognized as either Prime Farmland or Farmland of Statewide Importance. These are some of our most productive and valuable farming soils. Keeping them in agriculture is crucial for feeding a growing population, strengthening local food security, and sustaining local businesses. Sincerely, April Thatcher
