Please note for the record I am urging counselors to hear our cry for Alternative 1~ we are so lucky here in Clark County to have such incredible farmland. It would be unjust to ourselves AND our children to pave it all over for additional emissions. Alternative 1 is the best plan to ensure a future for our children that allows them to grow their own food, enjoy wildlife and living in balance with industry for the benefit of all, not just a few.

Thank you for entering my comment into the record.
