Subject

179th corridor roads & density

Comment

Currently, there is only one road outlet for a large area including Mill Creek and Salmon Creek Ridge subdivisions: 174th st to 50th ave. Our primary need is an additional outlet from this area, particularly to the west toward 29th ave or to the north toward 179th st.

Secondly, there is a lack of commercial development in the area. We could use a grocery store and other businesses near 179th st and 50th ave. So, additional density should include additional commercial areas.
