Dear County Council,

As a resident of Clark County I wish to add my voice to those urging you to chose ALTERNATIVE 1 for non-expansion of urban growth areas in our county. Our society's understanding of prosperity and progress l, with its demands of exponential growth and always MORE for each individual is frankly unsustainable, as well as eventually physically impossible, given that we live on a finite planet. I hope you will not allow materialistic wants (in this case urban sprawl) destroy and pave over the very essence of what sustains us- arable land and fertile soils. Instead I hope that you will work on making said land affordable for local farmers to use and grow food, this sustaining and strengthening our community.

Regards, Tina Barrows
