Please Choose Alternative 1 for the Clark Co Comp Plan Update

Comments

Good morning,

I am writing to ask that you please choose Alternative 1 for this county's Comprehensive Growth Management Plan update. As we face a future of rising food prices, the corporate consolidation of Big Ag, and multiple threats to the sustainability of our food system, it is crucial that we choose a future for this county that protects agricultural lands and small farmers in the face of developers' desires. We need to build denser and smarter in the areas that have already been paved and urbanized; not sprawl into the living land that supports the people of this place. Thank you
