Hello...

I am in favor of option one .. this is the only option that maintains the values of the residents of our county.. nature, farming, gardening, peace, safety, most importantly COMMUNITY... With ideas particularly from outside interests, those to destroy only to make money, developers, merchants as to what our county "needs", I say pshaw.. People who were born here, or moved here long ago or recently, more than likely did not do so in hopes of seeing concrete or asphalt ..

They moved here and live here for the quality of life, greenspaces, farming, room to have property and peace. Sprawl from Vancouver and Portland is already disgusting enough

Please vote for option ONE .

THANK YOU.
