As a resident of the unincorporated Battle Ground area, I wish to ask that you select Preferred Alternative 1 as your choice for the Comprehensive Plan Update. Clark County has so much beautiful resource and (unclassified) agricultural land that should remain as is for the foreseeable future. As you have been instructed by your staff, there is adequate land for housing within the current UGA, and we must protect the ability of farmers to produce their goods without unnecessary encroachment from development. One look at our very successful Farmer's Markets located around the County should be proof that there is a need, and a desire for fresh produce and artisan goods. Growth should be as orderly as possible, and allowing such avenues as TDR's to become available to various Cities - without the umbrella of the County deciding the sCounty-wide structure - is short sighted. Please choose Alternative 1, and then take the time you need to determine a TDR program that benefits all the citizens, not just a few landowners or the BIA. Thank you.
