Subject

Comp plan update

Date of Hearing

Mon, 04/27/2026

Comment

Dear Councilors,

Please choose Alternative 1, No Change, for the comp plan update because we need to protect our future quality of life here, future generations are depending on this choice to protect our clean air & water & soil & local food! Nobody is going to want to live here if it's all paved over with concrete & asphalt & chemical lawns. Have you been to the construction detour on 50th & 179th right by wsuv and i-tech? It's a mess. Huge detour, major traffic jams every day, the current roads can't handle the expansion that's already happening. There's already flooding issues happening in all these new development areas. More will lead to collapse..

Especially now, we need to protect our agricultural lands. Please protect our local sources of success. Protecting our land is the greatest investment for our collective futures.

Thank you.
