Alternative 1 Comp Plan Update

Councilors

Please support Alternative 1 update of the Comp Plan.

Decisions by previous Councils already provided a 20 year growth capacity in the County.

There is no legal requirement to sacrifice county farmlands that turn Clark County into a bedroom community for Portland.

Alternative 1 supports county families and homesteads who depend on a resilient local agricultural economy.  
Changing the designation of agricultural lands places the county's farming industry at risk.

The County is legally required to support its local agricultural economy and maintain a sufficient supply of agricultural lands.

The County has an obligation to develop a legally sound framework and clear criteria for de-designating agricultural land.

Our collective future should not pave over prime agricultural land with urban sprawl.
