Subject: Remove FRDU language from comp plan

EXTERNAL: This email originated from outside of Clark County. Do not click links or open attachments unless you recognize the sender and know the content is safe.

I am writing today to urge you to complete the process begun by the passage of SB5820, which removed Freight Rail Dependent Uses provisions from Clark County. It is critical to remove all FRDU language and references from the Comp Plan Update and all County codes that reference it. This needs to happen before the final Comp Plan adoption to prevent any confusion going forward.

Further, the Council must remove the FRDU overlay from all maps and codes in Clark County. There is no FRDU therefore there is no need for the FRDU overlay.
This should also be completed before final submission of the Comp Plan Update.

I urge the Council to address these two important issues to ensure that there is no confusion after the passage of SB5820: the FRDU no longer exists in Clark County.

Thank you.

Regards,
Kimberley O'Hara
