Hello,

I've been a resident of Clark County for five years now, and it is beautiful here, but in the short time I have been here there has been so much expansion. While I understand that there are some valid reasons for expansion with population growth I would really like to see protection of farm and forest land. As well as a limit to urban sprawl. Farm land is essential in supporting a healthy community, as are the remaining pockets of forest around here.

Thank you for reading,

Alana
