This is absurd. Not everyone can love here.. Battleground has rules for 1 acre sites only. That is what we need. Apartments of that mass number will clog the already clogged streets and turn us into orchards where crime is a constant not a 1 off. We do not have the infrastructure for that amount of people nor do we want it. Our property values have already gone down with the current one going in. I don't want to live in the projects. I moved here for space and quiet which we already don't have but to make it worse would be absurd. Stop thinking about $$$$$ and start thinking about people.
Just because the Moron running the country doesn't care about people doesn't mean you don't have to care. The is the pnw. We care here. Do what is right and leave the Rs as they are.
