Subject
Public Comment – Opposition to Urban Growth Boundary (UGB) Expansions

Date of Hearing
Thu, 10/01/2026

Comment
Dear Clark County Councilors,
I am writing to express my strong opposition to the proposed expansion of the Urban Growth Boundaries.
Expanding our boundaries is unnecessary because we still have a significant amount of developable and underutilized land available within our existing urban footprints. We should prioritize infill development before encroaching on rural spaces.
Outward expansion directly threatens our agricultural communities, which are vital for local food security. Once this farmland is converted, it is gone forever. Additionally, agricultural land offers scenery and prevents further black roofs, asphalt, and cement that lead to increased warming. Preserving these open landscapes is essential.

I urge the Council to reject expansion of our urban growth boundary and protect our farmlands and natural beauty.
Sincerely,
Erin Wright
Resident of Ridgefield within the unincorporated county area.
